ABOUT US :

From humble beginnings in 1994, in the city of Contai and its adjoining areas in the district of Purba Medinipur, KASTURI AQUA LIFE PRODUCTS PVT LTD has grown to be industry leaders in the Shrimp farming and export sector. Under the able leadership of its Chairman Mr. Chintamani Mondal, the Group has been credited as the pioneers of Black Tiger and L. Vannamei cultivation in India. He has over 26 years of leadership experience in the Aquaculture Industry. Now the group is engaged in the business of Shrimp seed, Shrimp feed and Shrimp medicine in aquaculture.

Since inception, KASTURI AQUA LIFE PRODUCTS PVT LTD has grown to be the biggest dealer of CP Group in West Bengal region, India. The company has the largest network of farmers in West Bengal, and its own and leased Shrimp farms in 1000 hectares of land, that are grown for direct export. The company is successfully providing direct and indirect quality employment to thousands of families. In 2007, Mr. Chintamani Mondal established a new export house – PASUPATI AQUATICS PVT LTD. Mr.Subhajit Mondal, son of Mr.Chintamani Mondal, joined the company. The company has been formed on the principle of honesty and integrity.

Pasupati Group of Companies is a 750 crore group of Companies with a capacity of 30000 M.T Shrimp feed and ready raw material around 17000 M.T per year. Pasupati Group is vertically integrated and can boast of total traceability with its farm to fork program.

Our endeavor is to be close to our customers, understand and serve them better. We believe in a long term business relationship and try our best to ensure that good quality product with required sizes is shipped at the correct price within the agreed delivery timeline.

OUR FARMS

Pasupati Group's Shrimp farms are located in the east coast of India. In Mandarmani and Rasulpur, the farms are spread across 36 hectares. These farms use only high-quality seed from CP and Oceanaa Hatcheries (SPF & BAP Certified). The farms also maintain high protein nutritious feed from CP Aquaculture Pvt. Ltd. (BAP Certified), NO ANTIBIOTIC, Bio security measures, water purity and adherence to BAP guidelines to ensure the most sought-after Shrimp products in the Industry. Primary motive of the farmers is to carry out sustainable Shrimp farming with eco-friendly behaviour and maintain total traceability .Pasupati Groups is proud to provide training and general awareness programmes to disseminate the most modern farming techniques including pond preparation for sustainable aquaculture yields. Water Management replicates the ideal conditions of a natural habitat. Effective Feeding Management like feeding time, tray feeding etc. also helps. Pasupati Groups takes pride in offering support services to farmers to help them minimize feed losses by ensuring regular distribution throughout the ecosystem, Seed Stocking by selection of post larvae stage (PL), Probiotics best usage, Contract Farming to support the local community as well as increasing productivity with supply of seed & feed. The harvest is bought back by the Group, providing the farmer a risk free,profitable means of livelihood.Latest scientific methods of harvesting and employment of skilled workers ensure the best catch without injury to the shrimps. Qualified technicians supervise the harvest day after day.
